"CENTURY 21 Scheetz Relocation has been a valuable partner for Roche Diagnostics. Scheetz has served our needs for quite some time in terms of domestic relocation services for our employees moving in and out of the Indianapolis market. Scheetz, the relocation team and agents are extremely knowledgeable related to all aspects of this market and present a very professional service offering to our employees. The thing that separates Scheetz from its competition in my mind is the willingness to truly partner and go the extra mile to ensure that the client understands the area and their personal needs are met - whether it be a relocating family, or single candidate. Specifically, Susan Van Hoosen has done an excellent job in continuing to provide Roche with critical market data, including the most recent updates related to the market, and has served as an educator for my internal staff on all aspects of relocation. Susan and Scheetz have gone above and beyond to ensure that Roche is able to provide the best service for our employees and candidates."

"I had the opportunity to work with Susan and Century 21 Scheetz during much of my tenure at Lilly. Without hesitation, they were the relocation company I contacted to assist my candidates with their relocation needs. Susan and the agents provided both myself and my candidates a high level of partnership demonstrated by their responsiveness, follow through and individual attention they gave each person. Susan took the time initially to learn about the needs of each candidate and their family would assign agents accordingly and proactively provide me updates on the status of my candidates. Feedback from my candidates after working with Susan and a Century 21 Scheetz agent was consistently positive. Susan proactively shared information about the city to the team of Lilly recruiters, which was helpful in selling Indianapolis to our candidates during the recruiting process. I continue my recruiting career at Indiana Clinic (Clarian) when I join their recruiting team on July 6 and would welcome the opportunity to work with Susan and Century 21 Scheetz as the relocation vendor of choice."

“CENTURY 21 Scheetz Relocation has been a joy to work with over the last couple of years. With HRHS being located so close in proximity to Indianapolis, we get a lot of physicians that want to look at and/or tour both the Kokomo community as well as the northern suburbs of Indianapolis. CENTURY 21 Scheetz Relocation makes it very convenient so that I only have to make one phone call or email to them and they take over from there by contacting the physician and/or spouse and getting a feel for their needs. CENTURY 21 Scheetz Relocation has relationships with realtors in the Kokomo area as well, so I don’t have to set something else up for the physicians in this instance and have too many people involved. I have received very positive feedback from those physicians/spouses that have met with the CENTURY 21 Scheetz Relocation staff, whether it be here in the Kokomo area or down in the Indianapolis market. Even if the physician is only looking to rent, CENTURY 21 Scheetz Relocation has done a wonderful job helping them find the right location for them without feeling the pressure that some realtors put on the candidates.

Being a recruiter that wears multiple hats, my time is precious and knowing that I can make one point of contact to CENTURY 21 Scheetz Relocation makes things very convenient. Furthermore, knowing that the physicians will be treated with the highest respect eases my mind and allows me to focus on my other duties. Finally, it is important that the realtors/relocation specialists that we work with understand that they are not guaranteed any business from the physician and not be too pushy to try to sell them something. I have found this to be the case with CENTURY 21 Scheetz Relocation and appreciate the relationship we have built with them.”

“Marsh Supermarkets has been using the services of Susan VanHoosen and CENTURY 21 Scheetz Relocation since 2006. They have assisted us with multiple moves over a four year time frame for key positions within our company. They have also participated

in our recruitment process by hosting families that were considering relocation by promoting the attributes of our community and at the same time answering key questions for candidates on schools, child care options, recreation in the area, shopping, churches, housing neighborhoods, etc. We have always received excellent feedback from our associates from relocations and Scheetz has also been instrumental in the successes of our recruiting process as well. They continue to assist families even after the move as they settle into their new surroundings. They perform as an extension of the Human Resource function at Marsh by taking as much of the process as possible away from the family involved in the relocation so that our staff members can stay fully engaged with our business. I would be happy to answer any questions a prospective client may have about our experiences.”

“Susan,

I just wanted to say thank you for all the help and assistance I (and the Indy Partnership) has received from you and your firm over the past few years with our economic development efforts, and especially with project Symphony recently. That is a great “win” for the Indy region and your team really provided great help to the total effort to bring that operation to Indianapolis.

Our biggest challenge is to provide fast and accurate answers to company and client questions, about just about anything one can think of concerning living and working in the Indianapolis region. You help not only with real estate data, but with the quality of life issues that come up is very valuable. The extra steps you take, and most of all, the quick response you provide, help set our community apart from the competition. Century 21 Scheetz is definitely my “go to” resource for help in real estate matters.

Just saying thanks doesn’t seem like much, but please know, and pass on to all your associates, your efforts are much appreciated.”

"I had the privilege of working with Susan Van Hoosen and the Scheetz Relocation Service team at Midwest ISO.

We partnered with Scheetz throughout the recruiting process starting with the initial on-site interview when area tours were requested to offer acceptance when the incoming employee needed relocation assistance for their family. Scheetz always has at their fingertips the best marketing materials and area statistics on the local housing market. Scheetz gives the competition a "run for their money" with stellar customer service and service offerings hands down!"

"Century 21 Scheetz Relocation has been a partner of Midwest ISO for the last 6 years. They have helped enhance our recruitment efforts and streamlined our relocation program by serving as one-source service provider. We have truly enjoyed working with Susan Van Hoosen and her team. Exceptional customer service!"

Thank you,

"I have worked with Susan VanHoosen, Annie Hamilton and the entire relocation team at Century 21 Scheetz relocation for the past 3 1/2 years. They have a level of professionalism that is unmatched and truly give "service with a smile". When I hire someone from out of town I have full confidence in their ability to make my new hire feel welcome and get them all the information they need. Since using Century 21 Scheetz relocation our hiring process is more streamlined since I only have to make 1 call and they take care of the rest. I would recommend that anyone needing corporate relocation services use Century 21 Scheetz Relocation for the time savings, convenience and friendly staff and service." - Recruitment

“The relocation team at Scheetz Century 21 made my family’s transition to the Carmel area extremely easy. The level of service in regards to our rental exceeded what most offices provide during a home purchase. The entire staff went that "extra mile" to make sure they could assist us with all the little things that need to be addressed during relocation. We know who we will contact when we our ready to buy a home. Thank you again Scheetz Century 21!” - Relocating 4086 Transferee

“Susan the positive sincere help and service that you and your organization provide to Kroger associates that are transferring to Indianapolis and surrounding areas is excellent. We have never asked for help with potential transfer candidates or people actually in the relocation process that you have not gone over and above our expectations to take care on them and to satisfy their needs. Your willingness to help out our current associates with special needs is something else that sets your organization above others. Your commitment to service and to excellence in service is fantastic. Thanks for all your efforts you make my job much easier and more enjoyable.”

"We appreciate what your company does for our transferees and how easy all of you are to work with. I wish more relocation departments were like you guys!"

"Dear Susan,

I just want to thank you and the Century 21 Scheetz Relocation Team for your assistance in the final steps of our interviewing process. Our final candidates were extremely impressed in the way that the city of Indianapolis was presented to them during their tour. They were very excited to housing in areas that matched their criteria. Our candidates also expressed that they were impressed concerning the knowledge of the school districts no matter what the age of the child. The knowledge that your team displayed concerning the surrounding area was also helpful in showing our candidates that not only was Indianapolis a great place to be but how easy it is to get nearby cities.

The time and effort that you and your team was greatly appreciated by the staff and by the candidates. Our candidates knew that their dreams of owning a home were not just dreams anymore but could actually be a reality. This made Indianapolis and IUPUI a very desirable place to want to be and only to the incentives that we could offer.

The information that you and your team provided to each of our candidates took the hesitation out of trying to decide whether or not Indianapolis was a city in which they would like to live.

It was really great to know that when the job offer was made, the candidates were already had an idea of where they wanted to live and are already making plans of how their family life is going to improve.

We look forward to the time in which we will be using your services again."

LUMINA

"Lumina Foundation for Education has been utilizing the services of Century 21 Scheetz Relocation for a number of years. They provide a broad range of services to help in the relocation of staff and are always willing to tailor packages to meet our specific needs. For example, we needed to find a pet relocation service and Scheetz Relocation was extremely helpful in recommending a company. Their staff and the vendors they use are very professional and competitive in their pricing.

More importantly, the quality of customer service provided to us and our staff before, during and after the relocation has always been outstanding. Staff we relocate are always complimentary of the people and process involved with their moves. Anyone with additional questions is welcome to contact

"Dear Susan,

I am pleased to take this opportunity to show the appreciation that our department has had with the service that you have provided in the recruitment of new faculty over the last couple of years. My Assistant Anne has found that working with you has been great in that you are very attentive to our needs as well as the needs of our recruits. You are thorough in your preparation and the feedback that I have gotten has been very positive about how you present Indianapolis as a place to live.

I very much look forward to working with you over the next year as we work to recruit some new candidates.

Thanks for your efforts."
